

TRIPLE CROWN

"King Of The Movers"

Thank you for requesting a moving quote from Triple Crown.

Please fill out the following sheets as completely as possible. We use the information you provide to estimate time, labor, and any special equipment needed for your household move. We find the more information we have the better prepared we can be. This preparation translates into reducing stress and time on the job, which in turn saves you money! Keep in mind the estimate is based only on the information you provide. Therefore, if you "forgot" to mention a piano, you can expect your actual cost to be slightly higher than the estimate.

In this starter pack we have included, along with an inventory list and booking sheet, a packing material price list. If you need our crew to pack or simply would like to purchase materials from us, check off whatever items you need and we will deliver them to you. This delivery is free of charge.

Triple Crown begins charging when the truck departs the warehouse and ends upon its return. We do not have any "hidden" charges such as a fuel charge, but do expect payment in full upon completion of the job. We accept cash, credit cards, certified checks, and money orders.

If you have any further questions please call one of our representatives.

Thank you,

Triple Crown Staff
